

## GOVERNMENT PROBES LUMBER COMBINE

Committee Notifies Dealers, Consumers and Manufacturers to Appear at Ottawa to Give Evidence—Secretary of Mountain Mills and Coast Shingle Trust Asked to Show Books—O'Brien of Strathcona Among the Retailers Summoned.

Ottawa, Feb. 19, 3:30 p.m.—The Dominion government is in deadly earnest about the lumber combine and the prompt and sweeping action outlined here today indicates that if a combine actually exists, as charged, and if the cost of lumber to the seller has been unduly raised on account of an illegal combination, the combiners will be dealt with.

The committee to investigate the alleged lumber combine in the West met for the first time today and decided to call witnesses representing not only the mountain and coast manufacturers, but also retailers and consumers from all parts of the West.

Summary invitations have been sent out to manufacturers, retailers and consumers to appear before the committee in Ottawa on March 13th. The witnesses have been summoned from all four of the western provinces. They will be required to give evidence under oath, covering any phase of the lumber question.

The secretary of the Mountain Mills Association was among the first summoned. The secretary of the British Columbia Shingle and Lumber Association, which is the body usually known as the trust and which represents the coast manufacturers, has also been summoned. They will be required to show all books, papers and documents in connection with their business and give evidence under oath of any matter concerning the lumber combine.

O'Brien, of Strathcona, has been summoned among the retailers. He will be required to give all information available about the lumber trade to the committee in Northern Alberta.

Other Alberta dealers may be summoned at any time at the request of the committee or any member of the Dominion House.

The committee is determined to make the investigation as complete and thorough as possible.

### NOTHING KNOWN LOCALLY.

Lumber Dealers in Edmonton and Strathcona Have so far Received no Word.

Local lumber dealers have to far heard nothing of the action of the committee. Mr. Clark, speaking to, said he had heard no word of any being summoned.

Mr. Clark was not to be reached over the telephone, but his manager, Mr. MacLennan, said he had not yet reached their offices. At the D. R. Fraser mill both Mr. Fraser and Mr. MacDonald were out, but the officials at the other end of the phone said that they knew nothing of the matter at all.

## NATIONAL TRUST BUYS CITY DEBENTURES

The city council last night accepted the tender of the National Trust for the entire issue of city debentures at a rate which practically figures out that the city gets its money at 4 1/2 per cent.

The full amount of the debentures for which tenders were called was \$15,657.57. The rate of interest was uniformly 4 1/2 per cent, but the debentures included several issues, of varying durations, from 10 to 40 years. They were all of automatic retirement kind; that is to say, payments were so arranged that at the end of the term the debentures would have been paid off.

The National Trust offer, which was

## CONSERVATIVES NOW DECRY ARBITRATION

Denounce Compulsory Settlement of Labor Disputes as an Infringement of the Sacred Rights of Sovereign Citizens To Strike or Lock Out—A Complete U-Turn from Last Week.

Ottawa, Feb. 19—The House was astir all day today by the sudden discovery of the opposition that the compulsory arbitration measure was most drastic legislation, altogether beyond the power of the federal government. The same numbers who a fortnight ago lamented that the bill did not provide compulsory arbitration, today denounced it as an infringement of the subjects saved from federal control by the Constitution of the public interest or consequences.

Fowler enlivened the proceedings today by threatening counter exposures if any allusion is made to his affairs aired before the insurance investigation commission.

## EVELYN NESBIT ON THE STAND

Cross Examination of the Sad Eyed Little Actress Commenced—Jerome Introduces Witness who Knows a Great Deal About the Movements of Thaw and his Wife.

New York, Feb. 19—Mrs. Evelyn Thaw today entered upon the ordeal of cross-examination and before District Attorney Jerome had had the witness in charge for half an hour he had secured from the court a ruling that all evidence, including the use of all kinds of evidence which may tend to discredit the defendant's wife, Mr. Jerome asked the witness if the story told to the court was true. "Yes, sir," said Mrs. Thaw, "I told a Mrs. Caine, a friend of mine, I was being followed by a man." Mrs. Caine, a friend of Mrs. Thaw's, who gave many material points as to the movements of Thaw and Evelyn Nesbit following their return from Europe, was called a Mrs. Caine, a friend of Mrs. Thaw and said that he was simply testing the credibility of Mrs. Caine. The district attorney seemed reluctant to examine the evidence of the witness, desiring to have the matter postponed until Thursday.

## ALBERTA GOVERNMENT TO ASSIST

Will Give Every Assistance to Committee so that the Investigation in this Province

May be Thorough.

The Alberta government will give every assistance to facilitate the investigation to be instituted by the Dominion government on the 13th of March.

This information was given out last night by Premier Rutherford in answer to a question that has been standing on the order paper for a few days under the name of Mr. P. F. Fowler, of the lumber combine.

The question reads: What action does the government propose to take, if any, with relation to the proposed amalgamation of the Dominion government with the lumber combine in this province?

CANADA'S LEADING CHOIR.  
Last week in New York the Mendel-  
son choir of Toronto in conjunc-  
tion with the Pittsburgh orchestra re-  
peated the successes of previous years  
in Canada.

A musical authority writing about  
this choir recently said it was doubt-  
ful whether New York had a chorus  
of equal distinction. The conductor,  
A. S. Vogt, is also the organizer of  
the choir and its inspiration since  
the beginning.

Mr. Vogt, whilst studying in Leipzig  
was a boy in the Mendelssohn choir there;  
and he grew ambitious to emulate it  
in young Canada across the water. When  
he arrived in Toronto he took  
the leadership of Jarvis Street Baptist  
church choir, bringing it to a  
high degree of efficiency in a short time.

Two years later Mr. Vogt organized  
the Mendelssohn choir and its  
activity has been a repetition of suc-  
cesses up to the present effort. This season an ambitious programme  
has been undertaken—noting less  
than four concerts in Toronto, two in  
New York and one in Buffalo, all  
in connection with the Pittsburgh  
orchestra.

Some idea of their effectiveness  
this year may be had from this ac-  
count of their opening concert in To-  
ronto with the possible exception of  
the vast audience at the grand Mendel-  
ssohn festival at the opening of Mas-  
sey hall, in May, 1894, no such magni-  
ficent spectacle has been seen in  
Toronto as the audience which rose to  
sing God Save the King at the out-  
come of the grand Mendelssohn  
choir and Pittsburgh orchestra  
at Massey hall that night. From  
the platform it must have seemed  
stupendous; from the middle aisle,  
when audience rose to the sight of  
that singing was inspiring.

"To the topmost pier of the upper  
gallery the hall was filled with music  
lovers, who had come to honor to do  
the work which the Mendelssohn  
choir has sanctified occasions. Last  
year the Mendelssohn choir sang  
the work, and was greeted by an im-  
mense audience, but that last year  
was a quiet occasion in quiet con-  
nection with that last night.

It seemed as though the whole  
intelligence of Toronto had come  
forth to bid Godspeed to the  
choir who hope to classify the  
music lover of the city of New York  
with their interpretation of the work  
next Tuesday. Mr. Paul, their  
conductor, who has conducted the work in  
many of Europe, was obviously at  
the highest point, eager for every detail  
of the performance. The con-  
clusion of the final and closest movement  
was marked by a wonderful eva-  
tion. People stood up and cheered  
Mr. Paul. Then there were cries for

"The Pittsburgh conductor sought  
the man who had trained the chorus,  
and at last, when he led him forth, a  
man ran down the aisle bearing two  
immense laurel wreaths with ribbons  
woven through them, as a token of  
communion in the occasion.

These were the gift of the choral  
Paul, courteous handed the first  
wreath handed up to Mr. Vogt, who  
replied to Mr. Paul, and then  
both conductors stood in the  
aisle—not wearing their laurels  
with serenity.

"The scene was reminiscent of an  
occasion in 'the olden' England when  
Dr. C. H. Bickerdyke, the Unitarian  
Shill shied in the Ninth Symphony.  
When Dr. Coward was led out by  
Bickerdyke the latter kissed him. Mr.  
Paul omitted this mark of apprecia-  
tion, but this did not lessen the  
warmth and cordiality of the joint

conclusion of the occasion.

"Spectacular LIGHTS IN THE HOME.  
String rugs and jugs and  
stocks and other things with  
the old nursery rhyme when letters  
from eastern friends tell us of  
new things coming out now

in New York and at an English em-  
porium in Montreal.

And much depends upon becom-

ing shade to our lights. Ingenious  
minds continue to invent new shades  
and devise improved old ones. Chief  
among novelties for table decoration  
now are the new lamps and candle-  
sticks.

Some new lamps for the  
dinner table are very attractive. The  
silver shades of these lamps are lined  
with colored glass and a beaded  
edge to correspond. Then the old  
fashion of silver lamp shades is com-  
ing back in, but in new designs  
in pink and yellow and green.  
One tall bronze hall lamp has a pale  
green and pink globe that is very eff-  
fective.

Some new Japanese candle-  
sticks are very quaint. These are  
of one thickness, cut into grotesque  
figures and deeply engraved. They  
come in a dark greenish bronze.

## RECEPTION NOTES.

The Lieutenant Governor and Mrs.

House tomorrow afternoon.

## SOCIAL.

Mr. and Mrs. Pernodoro and Miss  
Pernodoro, who have come from St.  
Eustache to live in Edmonton, have  
taken a house on Sixteenth street  
and will shortly remove there. In  
the meantime they will remain at  
the Caledon.

Mr. Barford was the host at a very  
enjoyable evening given by the local  
young musicians of the city were present.  
A tempting supper was served, and during the evening an impromptu  
musical programme was rendered in a  
manner which the Scarlet Myster-  
ies would envy.

## A SQUARE DEAL FOR THE PUBLIC

—The Ottawa Evening Journal, an independent paper which attests its character much more frequently by criticism of government measures than by disagreement with the opponents of the government, cordially endorses the investigation bill introduced by the minister of labor. The Journal points out that while both the capitalists and labor organizations are opposing the bill to some degree on the ground of unfairness to their respective forces, the members who regard the welfare of their constitution should be found standing by a measure which guarantees a square deal to the public whose interest demands the continuous operation of public utilities. The Journal says in part:

"When Hon. Rudolph Lemieux, minister of labor, introduced his Industrial Disputes Investigation Bill recently and it came to be discussed in the Commons, the House was assured, begins to be assailed by labor leaders. Mr. Ralph Smith, of Nanaimo, and Mr. Verville, of Maitland, neave, that the bill found favor in the sight of labor. Some weeks later when Mr. McMullen introduced in the Senate his bill to prohibit aliens from appointment to boards of conciliation in railway disputes, and from interfering in the settlement of strikes or lockouts in Canada, the outlook became clouded. The McMullen bill, of course, is obnoxious to all labor men who have allegiance to the principles of international unionism, and it was quickly condemned by labor organizations in many parts of the country."

"But the habit of dissent does not stop here. Mr. Lemieux's bill has not yet been introduced, and it is decided to postpone its introduction until the session begins to be adjourned. Labor leaders in all parts of the country, which also Mr. Ralph Smith and Mr. Verville described as an admirable measure, begin to be assailed by labor leaders. The Great Trans-telegraphers declared themselves bitterly opposed to the bill so far as it affects them. The Smith's Falls division of the Brotherhood of Locomotive Engineers would have nothing to do with the bill, and would denounce them of what they claim as their right as free men to quit their positions, either singly or in a body, when the working conditions do not suit them and every effort to secure adjustment has been exhausted. The Montreal Trades and Labor Council condemns the bill outright. A deputation from the organizations of locomotive engineers, engineers, machinists, and other workers, including the Minister of Labor and the Minister of Education, declared that it robs them of its one effective measure, the strike. Up to the present they, as far as public pronouncements alone are to be considered, labor has two causes, a legitimate cause and a cause of disrepute. The leaders in Parliament approve it; the organizations outside disapprove it."

"On the other hand it is unanimously agreed by the employing organizations which it affects."

"In any event it seems to have been admirably designed to serve the purpose of protecting the people at large in respect of the operation of the great industrial concerns which are to be found within its borders. It provides for compulsory enquiry as to the causes of strikes and lockout and the publication of the award, leaving the award to the award of the force of public opinion. It forbids employers to cause a strike or lock out and forbids employees to go on strike, on account of any dispute, prior to a reference of dispute to a tribunal of arbitration and investigation, and provides for a continuation of the operations of the public utility in question by both parties pending the decision of the board."

"Warning—This is one of the most significant provisions in the bill—it provides for an 'open shop,' open in the widest sense. No employer may dismiss an employee because he is a member of a union; no employer may hire an employee by reason merely of the fact that his employer has employed some person who is not a member of a union."

"These clauses in the bill seem to provide neither party, but it seems to be of no service to the public to argue for the people at large who are vitally interested in the uninterrupted operation of public utilities. If, as is reported, Mr. Lemieux is determined to have the bill introduced, he should find strong support among the members who consider the interests of the people at large before the interests of either party to so-called labor disputes."

## STOCK JUDGING SCHOOLS

Judging from the interest shown by the public in the vicinity of the school in the stock judging school now in progress in Edmonton, the Department of Agriculture is to be congratulated upon its venture along this line. The stock industry has always remained one of the cardinal industries of the province if the farmers are to realize the greatest benefit from the production of rough grains to which this country is so eminently adapted.

The course in the school, though short, is thorough and practical and aims at a scientific or expert treatment of the subject, and is in charge of a committee of stockmen and stock commissioners. The school is not merely of an academic nature but is directed along the lines of the greatest practical value to the agriculturist of Alberta.

It is a question of the utmost importance that breed of cattle is most adapted to the conditions of stock raising in this province. While the day of the range may be said to be passing still the closer indoor feeding of cattle has become a common practice in this province for many years.

In the selection of his breed the cattlemen, therefore, must take into consideration the history and the adaptation of the different breeds to the conditions in Alberta. The young farmer is acquainted with these conditions but he may not be familiar with the suitable breed and may not be able to determine which characters to be sought for in the chosen breed. This is the information that he may receive first hand at the stock judging school.

The experience in the method consists not only in judging a selected animal that conforms as closely as possible to the ideal type, but also from an inferior animal that illustrates by contrast what the breed is not.

The Edmonton stock judging school is an innovation in the history of agricultural education and in this regard as in many other advanced movements Alberta leads, and it is a tribute to the energy and initiative of Hon. W. F. Findlay, minister of agriculture.

## NOTES &amp; COMMENTS.

The stock judging schools are proving a decided success.

Riley's majority in Gleichen has been increased by one.

Larger grants to hospitals is a feature of this session's legislation.

A car of coal shipped here on Feb. 10th did not leave the city until Feb. 10th. Fast freight!

The writer of the Journal's editorial on the public accounts must have a savage lust for statistics.

The commissioners are now making agreements in solemn secret; the public awaits the result with some interest.

A Chicago man has sued a newspaper for libel because it said his wife attended a five o'clock tea in evening dress. This is a tip for the Journal.

In Toronto there are no spur tracks for railroads, and there is some business idling in the yards. Why should Edmonton be gratified with railway tracks to the back of every person's warehouse?

## PROVINCIAL YANKEE SEED FAIR

Instructions to Farmers Re Important  
Clauses in Seed Control Act—Penalties and Exemptions of the Act.

The first annual Provincial Seed Fair will be held in the Great West Implement building, Edmonton, on March 6th, 7th and 8th. The premiums are now open for entries in the classes for which should be made to the Department of Agriculture, Edmonton.

Clause 7 of the rules in the press the other day, states that the seed must be certified to the Dominion Seed Control Act. This should read, "Seed Control Act." For the benefit of those who are not familiar with this Act a summary has been prepared by Mr. W. C. McMillan, as follows:

The Seed Control Act is intended for the protection of farmers and all buyers are to be protected from the production of the majority of seedmen against the most dishonest and unscrupulous persons that there are.

It is not intended to compel man to use good seed, but to help to enable him to do so.

Clause 3 of the act is the one most directly intended to the Alberta farmer. It states that all seed for sowing for sale as seed, any seeds of cereals, grasses, clovers, or forage plants, must be certified by the Minister of Agriculture, Tumbling Mustard, Hares, The Mustard, Bell Mustard, Slink Mustard, Hare Thistle, Rag Weed, Great Rag Weed, Purple Rock Cress, Cockle, Orange Hawk-weed, and Erysimum Rye. The only way a merchant can sell seed is by marking these as sowing on the packages, or on a label fastened thereto the names of the seeds present as well as his own name.

While this clause nominally requires that all seed be marked with their seeds, it is recognized that this would be impossible and those in charge of the enforcement of the Act are directed to allow a small percentage to pass.

The following is a summary of the operations of the clause:

If a farmer sells seed to a merchant to be retained by him before being offered for sale, the merchant is exempt. Seed held in stores to be retained before being offered for sale is also exempt, provided it is absolutely clean and held or sold for practical purity.

The following is a summary of the operations of the clause: It does not apply to a farmer selling from his own store, or to a merchant holding it to be used by the purchaser himself. He is then exempt. But if he should have a small percentage of seed left in his store under the name of a merchant, grain or seeds sold as feed are exempt.

If a farmer sells seed to a merchant to be retained by him before being offered for sale, the merchant is exempt. Seed held in stores to be retained before being offered for sale is also exempt, provided it is absolutely clean and held or sold for practical purity.

This clause provides for prohibitory classes, viz: 1st, 2nd, 3rd, 4th, 5th, 6th, 7th, 8th, 9th, 10th, 11th, 12th, 13th, 14th, 15th, 16th, 17th, 18th, 19th, 20th, 21st, 22nd, 23rd, 24th, 25th, 26th, ## City Council

The city council had a very long and interesting session at which most of our contentious question, the Incinerator site, was settled, although a tremendous amount of heat and a tremendous fight by the east end. The final vote was carried over the Incinerator site, however, and the party site at Bell Creek to the east, was voted down.

The council was complete, except with the exception of Alderman Walker, and one member, Mr. Clegg.

**Y.M.C.A. EXEMPTED**

The first business before the council night was the Y.M.C.A. The charter amendment to be construed to include an exemption of the Y.M.C.A. from the tax levied by that body. A resolution favoring the proposal was passed. Alderman Walker was absent.

**TUBERCULOSIS CONVENTION**

A committee from the society for the prevention of tuberculosis was present, asking the city to appoint a representative to attend the convention in Ottawa. Alderman Walker moved to appointing Dr. Roy a delegate to represent the society and a letter of acceptance was ordered.

**ASSESSOR WILLE CHARGE FOR SEARCH**

The assessor wrote stating that a great deal of time was occupied in the search for property, and that he would charge a fee for the search.

The motion was carried, and the assessor was directed to charge a fee for the search, and to get an authority to search at the same time was passed and the assessor was directed to draw up special legislation. Instructed to draw up a charter amendment in conformity with the resolution.

The report of the commissioners regarding the defences was read.

The city solicitor to whom had been referred the question as to whether lots and ownership of property to which lots had escaped reported that in his opinion it had. At the same time, he stated that he had been unable to find any record of the property in the title office.

Alderman Smith moved that the company asking for an extension of the company's lease be given a hearing.

The motion was laid on the table for one week.

**INCINERATOR PETITION**

The petition of the west end property holders protesting against the proposed site of the incinerator was read and laid on the table for one week.

**WHITEHORN'S SITE**

The report of the commissioners regarding the lots 21 to 28 inclusive block 18, was read and laid on the table for one week.

**INCINERATOR SITE**

The report of the commissioners regarding the lots 21 to 28 inclusive block 18, was read and laid on the table for one week.

**INCINERATOR**

The report of the commissioners was read. It is recommended that the incinerator be located on the site of the hospital, 150 yards from the hospital site.

Alderman Mancuso moved that the recommendation be adopted.

Alderman Smith seconded, and in a motion was carried that the incinerator be located on the site of the hospital.

Alderman Smith moved that the recommendation be adopted.

**ALDERMAN DALY IS NAMED THE NEW COMMISSIONER**

Alderman Daly failed to see where the commission was displayed. To the mind of the commissioners he was not in the least bit embarrassed, and he was not embarrassed anywhere in the east end. The city had been in a large expense in the search for the incinerator site, and the commissioners were not in the least bit embarrassed.

Alderman Smith replied that it was a good idea to have the incinerator site in the east end, if the incinerator had to be placed where the garbage could not be collected with the incinerator.

Alderman Daly replied that the commission had the option of both ends of the town, and he had not decided which end he would like to have.

Alderman Smith replied that he did not want to recommend that they did not have the incinerator in the east end.

Alderman Smith moved that the incinerator be located on the site of the hospital, 150 yards from the hospital site.

Alderman Daly and McNauley moved in amendment that the lots in question be taken off the map.

Alderman McNauley moved to support Alderman Daly's motion.

Alderman Smith said the only name to be apprehended was from the incinerator going out to the site recommended, and was not central location. He recommended that the site be placed on the Hudson Bay Reserve close to Bell Creek.
